

The **ActivPanel** is an **interactive display monitor** that connects to a computer and a projector and performs all mouse and display functions. Using the ActivPanel, a presenter can open, view and control any software application using a pen-like stylus.

Why the ActivPanel?

A collaborative tool in the classroom — The ActivPanel duplicates the functions of an interactive whiteboard, but in a much smaller format. In the classroom, it can be placed flat on a tabletop where students can work individually or together on its interactive surface.

Ideal for large audience presentations — When making presentations to large groups, the projection screen is often hard to reach or it is not interactive. Because the ActivPanel is an interactive display that connects to a projector, it can overcome these common obstacles without the presenter having to turn their back on the audience.

Easy set-up — Light in weight, the flat, thin ActivPanel can be set up where you need it the most – on a lectern, tabletop or on its own adjustable stand.

Better lessons — The ActivPanel has been designed to work seamlessly with ActivInspire software to give the user total control of the presentation while maintaining eye contact with the class throughout the session.

Widescreen:

21" display with high definition (HD) resolution

Interactive:

Same functionality as an ActivBoard, but can be projected onto any size screen

ActivPanel

Key Features

Full HD Display — Provides greater clarity and precision

Two USB ports — Connects directly to peripherals or session content

Adjustable Stand — Designed with flexible tilt angle and maximum stability

ActivInspire Professional Edition included — Promethean's next generation teaching and learning software

Backlit Display Screen — Bright display even in low-light situations

DVI input/outputs — High quality ports for optimal image reproduction

The *ActivClassroom by Promethean* creates successful, 360-degree educational environments by connecting technology to human ingenuity, and teachers to their peers, to students, and to a whole new world of learning.
